

## Warden says...

It is 1939 and we are at war with Germany. Follow the Air Raid Wardens instructions to stay safe in wartime Newcastle.

### Warden says..

- Gas attack- open gas mask box and put on mask
- Air raid coming- duck and cover heads
- Fire- pump water pump
- Put that light out- close curtains
- Dig for victory- digging action
- Make do and mend- sewing action
- Evacuate- pack suitcase
- Butchers had a food delivery- run on the spot

Who will survive the war? The slowest person each round is out. Make sure you complete the right action or your out as well!
