

Navigation

Navigators make sure that the ship gets to its destination safely. They know where the ship is at all times when sailing and which direction they need to sail in to avoid danger.

Can you safely move Turbinia from the dockyard, along the River Tyne, through the piers and out to sea?

Write your instructions down using the compass points.

How many steps will it take to reach the red cross safely?
Here is the first step:

- Step 1: Move Turbina West 1 Square _____
- Step 2: _____
- Step 3: _____
- Step 4: _____
- Step 5: _____
- Step 6: _____
- Step 7: _____
- Step 8: _____
- Step 9: _____
- Step 10: _____

Now it's your turn. Draw your own ship along the River Tyne and challenge your friends to direct your ship to safety.
